CUSTOMISED DISPLAY OPTIONS

Companies wishing to participate in a stand-alone display option may wish to consider one of the following opportunities:

Floor Space Only

This option ideally suits businesses wishing to re-use existing presentation components or create their own individualised display. The cost to participate as a 'Floor Space' exhibitor is \$330 per sqm (incl. GST). In this case, we provide uncarpeted floor space and the exhibitor provides the flooring, lighting, signage, power and walls. Minimum investment is \$2,970 (incl. GST) for floor space measuring 9 sqms.

Pre-Built Stand – Octanorm

This display option provides a fully fitted stand at \$385 per sqm (incl GST) with these specifications:

Height: All stands measure 2400mm in overall height.

Walls: The walls of the Octanorm Display Stand consist of aluminum frame with 3 mm white vinyl insert panels.

Fascia: The fascia consists of a timber panel with black lettering supported in an aluminum frame. Fascias will be provided for all open sides of display booth stands. The clear height under the fascia is 2100 mm.

Company Name: The company name style is uniform. Names will be printed in upper case (max. 30 letters per fascia with Pty Ltd etc deleted). One company name will be provided to each open fascia with corner stands to receive two. Additional fascia signs required will be charged directly to individual exhibitors.

Flooring: Floor covering will be one-metre square charcoal grey carpet tiles.

Spotlights: Spotlights will be track mounted and fitted to the back of the fascia of all stands. Lighting will be installed on a ratio of two (2) x 120 watt spotlights per 9sqm.

The minimum investment is \$3,465 (incl GST) for a 9 sqm pre-built stand. Exhibitors can furnish and decorate this stand using their own resources or consider investing in a 'Walk On Package'.
