TOTAL PLANNED SPACES:
100

TAVERNER STREET

As part of Council's realignment works, around 120 formalised parking spaces will be built, providing an extra **60 net new** spaces.

The spaces will support Maddingley Park Reserve users and allow for a shared path along Taverner Street to join the existing north-south path.

Construction planned:
Oct 2022 – Feb 2023

GRANT STREET

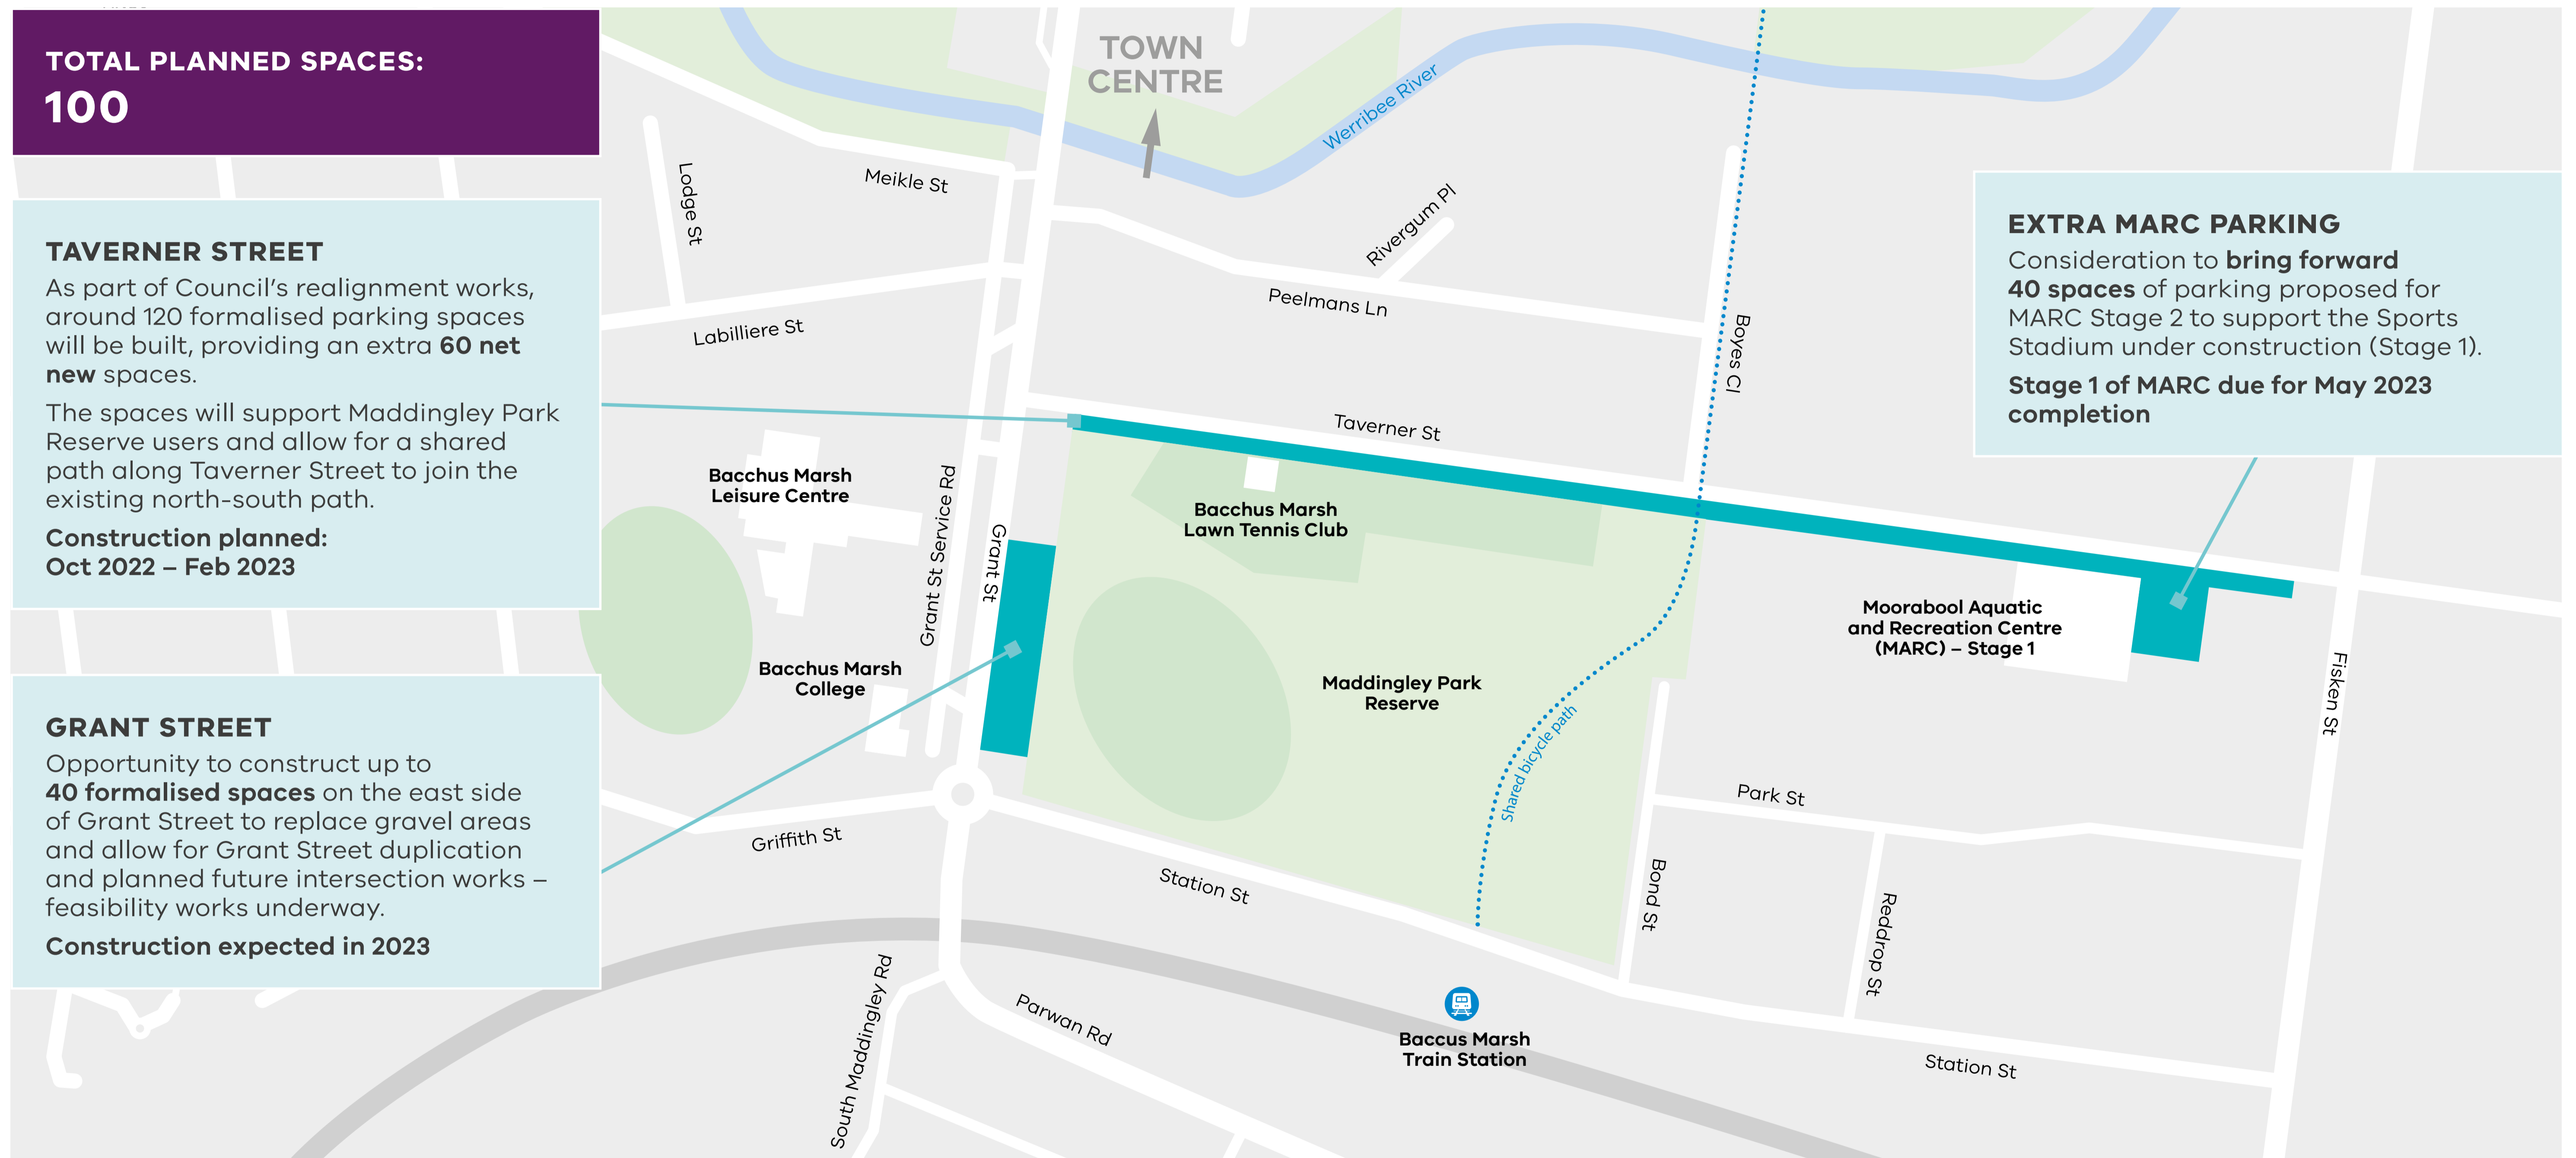

Opportunity to construct up to **40 formalised spaces** on the east side of Grant Street to replace gravel areas and allow for Grant Street duplication and planned future intersection works – feasibility works underway.

Construction expected in 2023

EXTRA MARC PARKING

Consideration to **bring forward 40 spaces** of parking proposed for MARC Stage 2 to support the Sports Stadium under construction (Stage 1).

Stage 1 of MARC due for May 2023 completion
