Message from the Minister for Regional Development

I am pleased to launch \$5 million for round 1 of the Victorian Government's Tiny Towns Fund. The fund is providing a total of \$20 million over 4 years beginning in the 2023-24 financial year.

The Fund will support communities of up to 5,000 people in the 48 local government areas in regional Victoria, Alpine Resorts, and the 10 interface local government areas of Casey, Hume, Cardinia, Melton, Mitchell, Mornington Peninsula, Nillumbik, Whittlesea, Wyndham and the Yarra Ranges.

A key objective of the Tiny Towns Fund is to increase liveability, opportunity and prosperity by delivering better public places and spaces in these communities, providing facilities for local families, building community capacity and increasing visitation.

The Tiny Towns Fund will focus on delivering economic, social, environmental, sport and wellbeing outcomes in regional Victoria as well as supporting First Peoples, accessibility and inclusion.

The Hon Gayle Tierney MP
Minister for Regional Development

The Tiny Towns Fund will complement other regional and suburban revitalisation initiatives including:

- engagement with local businesses, Regional and Metropolitan Partnerships, local government and non-government organisations to revitalise towns and activity centres located in areas experiencing economic transition or social disadvantage, and
- competitive grants programs that support local community-building projects.

Our communities are known for their unique strength and determination. This has been demonstrated in countless ways over the past years. We are focused on making our regional and interface communities even better places to live, work, visit and invest – from our smallest towns to our biggest regional cities.

I very much look forward to seeing the great ideas that I know can be generated when people work together to support and improve their local communities.

1. Fund Overview

1.1. About the Fund

The Victorian Government has established the Tiny Towns Fund with investment of \$20 million over four years, starting in 2023-24.

The Tiny Towns Fund will support local projects in communities with a population of up to 5,000 people in the 48 local government areas of regional Victoria, Alpine Resorts, and the 10 interface local government areas of Casey City Council, Cardinia Shire Council, Hume City Council, Melton City Council, Mitchell Shire Council, Mornington Peninsula Shire Council, Nillumbik Shire Council, Whittlesea City Council, Wyndham City Council and the Yarra Ranges Shire Council.

The Fund will support the delivery of community infrastructure, facilities and capacity-building projects in Victoria's smallest towns.

The Fund will be delivered by Regional Development Victoria, part of the Department of Jobs, Skills, Industry and Regions (the department), with support from the Office for Suburban Development.

Applicants may apply for a minimum grant of \$5,000 and a maximum grant of \$50,000 (not including GST) per project.

Applications open **27 November 2023** and **close 5pm 25 February 2024**.

1.2. Fund Objectives

The Tiny Towns Fund responds to the needs of local people and aims to increase liveability, opportunity and prosperity in small towns in Victoria.

The fund will:

- address gaps in community infrastructure and facilities in Victoria's smallest communities
- build community pride and enhance living, working, socialising and recreation in small towns
- support the development of small towns as places of economic activity where local business can thrive
- support the increased participation in community life and community inclusion of all residents, including Aboriginal and Torres Strait Islander Victorians, people living with disability, LGBTQIA+ communities and people from culturally and linguistically diverse (CALD) backgrounds and isolated communities
- strengthen social cohesion by increasing the capacity of community groups and local organisations to provide leadership and connect, service and engage residents in small towns.

1.3. Fund Outcomes

The desired outcomes for the Tiny Towns Fund are:

- small towns have better public places and spaces for increasing social and economic interaction
- small towns have increased potential to attract more visitation
- community groups in small towns have increased capacity to engage residents and visitors in social and economic activity
- residents of small towns have a more positive perception of place and enhanced liveability
- small towns have enhanced economic, social, environmental, sport and wellbeing outcomes in regional Victoria, and
- small towns have increased participation in community life and higher community inclusion for all residents, with a focus on Aboriginal and Torres Strait Islander Victorians, people living with disability, LGBTQIA+ communities and people from culturally and linguistically diverse (CALD) backgrounds and isolated communities.

2. Grant Funding

Applicants may seek a minimum of \$5,000 and up to a maximum of \$50,000 in grant funding per project (exclusive of GST).

2.1. Co-contribution requirements

All applicants are required to make a co-contribution towards the proposed project budget in line with the requirements outlined in [Section 2.3](#) below.

The co-contribution may come from the applicant organisation or from other sources but must not be from other Victorian Government programs or sources.

Accepted sources of co-contribution may include:

- grants from the Commonwealth Government, or other State Governments in the case projects benefiting cross-border communities
- grants/contributions from local government and Alpine Resorts
- contributions from utility/service providers, and/or
- contributions from community groups, businesses, or philanthropic organisations.

Applicants must provide evidence that demonstrates, to the satisfaction of the department, that the applicant has sufficient funds available for the required co-contribution amount. See [Section 7.2](#) for evidence requirements.

2.2. In-kind contributions

The co-contribution to the project budget may be partly met by in-kind contributions. An in-kind contribution is a contribution of a good or a service rather than money. Local government and Alpine Resort applicants are not eligible to claim in-kind contributions.

The in-kind contribution may be up to 50% of the applicant's total contribution and at the following rates:

- professionals costed at \$80-\$150 per hour
- skilled labour costed at \$45 per hour
- unskilled labour costed at \$20 per hour, and/or
- equipment costed at standard commercial hire rates.

2.3. Project budgets and co-contributions

The proposed project budget must show the following co-contribution percentages:

Applicants other than local government and Alpine Resorts

- **20%** of the total proposed project budget must be co-contributions (can include 50% in-kind)

Rural councils and Alpine Resorts (see Appendix 1)

- **25%** of the total proposed project budget must be co-contributions (cannot include in-kind)

Regional cities and interface councils (see Appendix 1)

- **50%** of the total proposed project budget must be co-contributions (cannot include in-kind)

2.4. Example project budgets

Example One

For a community group, the co-contribution must be 20% of the total proposed project budget, as an example:

A community group applicant's **total project cost is \$10,000**. The applicant can apply for a **\$8,000 Tiny Towns Fund grant** but would have to contribute a further **\$2,000 from other sources**. The Applicant also has the option of nominating 50% of the contribution as in-kind contribution (being \$1,000).

The total proposed project budget could then be:

- **\$8,000** Tiny Towns Fund grant
- **\$1,000** other cash contributions
- **\$1,000** in-kind support.

Example Two

For a rural council, the co-contribution must be 25% of the total proposed project budget, as an example:

A rural council applicant's **total project cost is \$10,000**. The council can apply for a **\$7,500 Tiny Towns Fund grant** but would have to contribute a further **\$2,500 from other sources**.

The total proposed budget would then be:

- **\$7,500** Tiny Towns Fund grant
- **\$2,500** other cash contributions (no in-kind support eligible).

Example Three

For a regional city or interface council, the co-contribution must be 50% of the total proposed project budget, as an example:

An interface council applicant's **total project cost is \$10,000**. The council can apply for a **\$5,000 Tiny Towns Fund grant** but would have to contribute a further **\$5,000 from other sources**.

The total proposed budget would then be:

- **\$5,000** Tiny Towns Fund grant
- **\$5,000** other cash contributions (no in-kind support eligible).

3. Applicant Eligibility

This fund is open to applications from **incorporated not-for-profit community organisations and local governments that operate in Victoria**. See [Section 3.4](#) for ineligible organisations.

3.1. Eligible Applicants

Applicant organisations must:

- hold an Australian Business Number (ABN)
- be an eligible legal entity type as at [Section 3.2](#); and
- operate in a Victorian location (irrespective of where the applicant is based).

3.2. Eligible entity types

Eligible applicants include:

- an Incorporated not-for-profit association
- a Victorian local government
- a Crown land Committee of Management¹
- a Victorian Alpine Resort²
- Australian public companies limited by guarantee whose governing rules demonstrate a not-for-profit purpose
- an indigenous organisation incorporated under the *Corporations (Aboriginal and Torres Strait Islander) Act 2006*
- an industry association or business chambers; or

1. Most voluntary committees of management are legally incorporated as organisations through the *Crown Land (Reserves) Act 1978*. A small number of committees are unincorporated. Some committees of management of Crown land reserves are organisations incorporated through legislation other than the Crown Land Reserves Act. For further information: deeca.vic.gov.au/boards-and-governance/committees-of-management

2. Six alpine resorts are legally incorporated under the *Alpine Resorts (Management) Act 1997* and managed by [Alpine Resorts Victoria](#)

3.3. Auspice arrangements

Organisations that operate in a Victorian location who are not incorporated entities and/or do not have a current valid ABN, may apply using an auspice arrangement.

An auspice arrangement is where another organisation ('auspicator') agrees to enter into the grant agreement on behalf of the applicant ('auspicee') and be responsible for the acquittal of the agreement. The applicant organisation is still responsible for the delivery of the grant project. Only the auspicee can apply.

Only Victorian local governments may act as auspicators for applicants with projects in their jurisdiction. The auspicator accepts responsibility for the project and will agree to comply with all obligations under the grant agreement entered into to receive the grant.

3.4. Ineligible Applicants

The following are not eligible to apply:

- unincorporated organisations, unless under an auspice arrangement where the auspicator accepts legal responsibility for the grant funds (see [Section 3.3](#))
- a Commonwealth or State government agency or body
- a for-profit company
- an individual
- a sole trader
- an incorporated trustee on behalf of a trust
- an individual partner on behalf of a partnership
- pre-school, primary and secondary schools
- an incorporated joint venture; or
- a consortia application with a lead organisation.

4. Eligible Project Locations

The project must be located in one of the eligible 48 rural and regional Victorian council areas, or Alpine Resorts, or within one of the 10 interface councils of Casey City Council, Cardinia Shire Council, Hume City Council, Melton City Council, Mitchell Shire Council, Mornington Peninsula Shire Council, Nillumbik Shire Council, Whittlesea City Council, Wyndham City Council and the Yarra Ranges Shire Council (refer to [Appendix 1](#) for full list).

The project must be located in an eligible location with a population up to 5,000 people.

The project location cannot be a 'suburb' of a regional city or interface cities (e.g., Sebastopol, Geelong West) or other larger regional towns (e.g., Colac West).

Applicants are encouraged to look at the ABS Census Population Data 2021 (abs.gov.au/census/find-census-data/search-by-area) and also contact their relevant departmental office (see [Appendix 2](#)) if they are unclear on their location eligibility.

Applications with cross-border implications for Victorian communities will be considered on a case-by-case basis. This is to ensure that cross-border communities can access the benefits of the Tiny Towns Fund, particularly in relation to community capacity building in border communities where activities and benefits may be shared between Victorian and South Australian or New South Wales locations.

The department makes final decision on what is considered to be an eligible project location under the Tiny Towns Fund.

5. What will be funded

Applicants will be asked in their application to describe a proposed project that shows a direct benefit to the town and its community through alignment with the Tiny Town Fund objectives at [Section 1.2](#).

5.1. Eligible Activities and Expenses

The grant amount and co-contribution may be spent on eligible activities and expenditure as listed below.

The department makes the final decision on what is considered to be an eligible activity and what is eligible expenditure under the Tiny Towns Fund.

Eligible infrastructure and facilities activities include:

- refurbishment and upgrades to community facilities including libraries, community halls, hubs and sporting infrastructure that will support local people and groups to connect better
- improvements of public spaces, activity centres and street beautification that encourage use including public art, street furniture, drinking fountains and greenery, the creation of community gardens, park upgrades and dog parks
- updates to local tourism attractions such as splash parks, hiking trails and playgrounds to encourage visitation
- the improvement or creation of space to support community art and creativity
- development or improvement of community gathering spaces, such as community gardens, amphitheatres or BBQs
- enhancements to safety, accessibility and connections into and within shopping strips and activity centres to enable access for all including accessible paths and lighting

- refurbishment and upgrades to community facilities and/or public spaces that encourage inclusion of traditionally marginalised groups including Aboriginal and Torres Strait Islander Victorians, people living with disability, LGBTQIA+ communities, and people from culturally and linguistically diverse (CALD) backgrounds
- planning projects, including community infrastructure feasibility plans leading to activation of community projects.

Eligible community capacity building activities:

- networking and relationship building activities and projects that promote participation in community life such as community arts projects, community building days, community volunteer projects
- activities and projects that support community building and inclusion through celebrating culture, embracing diversity and building community cohesion and connection
- projects that support Traditional Owner communities and groups to enhance and promote Aboriginal and Torres Strait Islander culture, community and economic development, participation and leadership.

Trade services costs related to infrastructure and facilities upgrade, installation and development can be claimed as part of the grant amount provided the business/service provider has complied with all relevant permits, laws and regulations as applicable (for example, using licensed electricians).

5.2. Ineligible Activities and Expenses

Grant project funding may not be spent on:

- requests for retrospective funding where projects have been completed or have commenced prior to receiving funding approval

- single purchase of furnishings for general use such as tables and chairs unless justified as part of a broader project
- the purchase of land and/or buildings
- any costs to meet regulatory requirements
- operational expenditure, including existing staff costs, communications, travel, entertainment, accommodation and office equipment
- basic and routine professional services including legal and accounting fees
- building routine websites, sales and promotional activities, marketing or communications campaigns
- clothing (except for protective clothing used in projects)
- projects requiring ongoing funding from the Victorian Government when completed
- sporting equipment and uniforms
- GST is an ineligible expense for organisations registered for GST.

5.3. Costings of expenses and GST

For organisations not registered for GST, the cost of GST **can be included** in the grant project expenses budget.

For organisations that are registered for GST, the cost of the GST **must be excluded** from the proposed budget. This means if project expenses are costed at \$6,600 including \$600 of GST, then the costs must reflect the excluded GST amount of \$6,000.

5.4. Project Timeline

Projects must be completed within 18 months from the execution of the grant agreement.

Applicants will be required to supply project start and end dates and preferred milestone due dates and proposed key deliverables as part of their application.

Applicants may be subject to due diligence assessments to enable the department to assess financial and other non-financial risks associated with the application. Outcomes from such assessments may be considered in any decision to recommend or award a grant and in contracting with successful applicants. Such checks may include:

- the potential for reputational risk to the State
- where the proposal has already been fully funded by the applicant through other means
- business regulator check.

The department may, at any time, remove an applicant from the application and assessment process, if in the department's opinion, association with the applicant may bring the department, a Minister or the State of Victoria into disrepute.

Business regulator check

A business regulator check may be undertaken to verify business details provided with the Australian Business Register, Australian Securities and Investment Commission, Australian Charities and Not-for-profits Commissioner, Consumer Affairs Victoria and/or other applicable regulator.

9. Conditions of Funding

Successful applicants will be invited to enter into a legally binding grant agreement with the department.

An offer of funding is not binding on the department unless and until both the department and the applicant execute the grant agreement.

The project must not commence until the grant agreement has been executed (signed) by both the department and the applicant.

The grant agreement details all funding obligations and conditions such as:

- payments
- funding use
- grant activity deliverables
- monitoring and milestones
- project outcomes
- reporting and acquittals
- audit
- termination and refund conditions.

Once the grant agreement has been executed, the grant recipient (successful applicant) will be required to commence the project within the agreed timeframe. If a recipient does not commence the project by the commencement date, the department may in its absolute discretion terminate the grant agreement.

9.1. Publicity/acknowledgement of support

The department requires grant recipients to acknowledge the Victorian Government's support by using the Victoria State Government logo or relevant government entity logo under the title 'supported by' on promotional materials for the grant project.

Acknowledgement of the Victorian Government's support in promotional material will depend on the grant given and will be specified in the grant agreement, e.g., required representation on channels or collateral such as websites, signage, advertisements, and brochures.

The department may include the name of the recipient organisation in its annual report.

Recipients must obtain written confirmation from the department of a successful application before making public announcements about receiving the grant. The department may promote the benefits of the grant and the State's support for the project, and recipients must cooperate with the department in promoting the Tiny Towns Fund. These requirements will form part of the Grant Agreement with successful applicants.

9.2. Program Surveys

As a condition of funding, grant recipients will be required to participate in evaluation activities initiated by the department. This may include completing surveys throughout the delivery of the funded project and for a nominated period after project completion to measure progress towards achieving outcomes.

Evaluation is critical to the department in understanding the impact of the Tiny Towns Fund, supporting continuous improvement in program design and delivery, and for delivering effective outcomes for Victoria.

10. Privacy Statement
